FOREWORD

OUR schools . . . have always been molds in which we have cast the kind of life we wanted. Today, what we all want is victory, and beyond victory a world in which free men may fulfill their aspirations. . . . We ask that every schoolhouse become a service center for the home front. And we pray that our young people will learn in the schools and in the colleges the wisdom and forbearance and patienece needed by men and women of good will who seek to bring to this earth a lasting peace.—President Franklin D. Roosevelt, A Message to the National Institute on Education and the War, August 28, 1942.

DEDICATION

*V*arious members of Calumet's faculty have turned their particular talents over to the government. These patriotic Americans are serving in the armed forces, fighting for a future of universal peace.

To them this volume of our Temulac is dedicated.

OUR PRINCIPAL

MR. GLENN C. WORST

To you boys and girls who once rushed through the corridors of Calumet High School to sit in our classrooms, and to you teachers who presided so ably in these classrooms, I send greetings and best wishes from Calumet, and the assurance that wherever you are, in whatever you do your school is solidly behind you.

May you be successful in your noble effort to preserve America and all for which she stands. May you be equally successful in the great mission to which you have dedicated yourself—to bring peace and happiness to the enslaved peoples of the world.

May God bless you and keep you, and return you safe to your home, your school, and your community.

Glenn C. Worst

Who Is Sir Galahad?

Every youth who goes forth clad in armor, the armor provided by the greatest nation on earth, the armor of love provided by those left at home . . . goes forth to battle with that old dragon, the devil.

Sir Galahad, go forth to fight, to conquer, to live, that the irresistible surge of man for freedom may be speeded upward.

Still those bombastic noises and restore the glorious sound of laughter . . . the carefree laughter of youth . . . the tinkling laughter of mothers . . . the hearty laughter of dads . . . Sir Galahad, go forth and restore God's laughter to His earth.

The organization meets once every month in the school social room and usually holds a social hour after each meeting. Once every semester the members sponsor a tea for the mothers of freshmen to acquaint them with their good work.

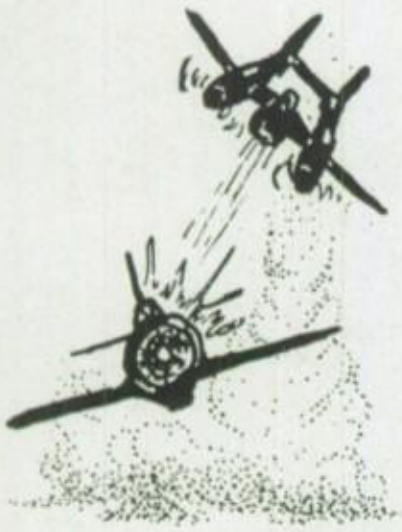
SCHOLARSHIP CLUB



Who wouldn't like to win a scholarship? Well, all the members of the Scholarship Club are considered eligible. They are picked from the Senior groups according to scholarship ability and school activity. Tests are given them to determine for what they are best suited.

Although this group of outstanding Seniors does not have regular meetings, it does have officers. The officers this year are: Bill Gauthier, President, and Larry Lindburg, Secretary. The Club is under the able sponsorship of Mrs. Patterson.

This is what might be known as the "seeing double" club. Everyone in it is a twin, including the sponsor Mr. Bechtolt. Every pair of twins, or single twin, at Calumet may join this social club. The group holds meetings at the homes of its various members.

The Junior Red Cross has been organized for the purpose of making hospital kits and other articles for our boys in the Service.

This semester the members put on a book drive and the books were sent to boys recovering in hospitals. The club is under the supervision of Mrs. Davidge.

They compare notes on their pictures at the club meetings. Some of the members serve on the Temulac and Crier staffs. Crier photographer, Roy Sutz, is president of the club.

The Dots and Dashes of the Morse Code are familiar sounds to the members of the Radio Club. With the cooperation of Mr. Solomon, they have mastered the art of wireless communication, and have successfully constructed a "Walkie Talkie," which is similar to the type of portable radio communication used by the U. S. Army Signal Corps.

The club gives at least one style show a semester. A Beach Party and a Christmas Party are the social activities.

FOREIGN LANGUAGES AT CALUMET

FRENCH CLUB

The Fighting Free French are a very good topic to discuss with members of the French Club. The club is as much interested in current news about the African campaign as in studying the French language. The members are French students and the group is sponsored by Miss Hale.

SPANISH CLUB

This club has been organized for the purpose of promoting neighborliness and Good Will between our South American Neighbors and our United States.

The club is under the sponsorship of Mrs. Spencer.

GERMAN CLUB

Verstehen Sie Deutsch? If not, you won't have much fun at a meeting of the German Club. Under the direction of Miss Martin, and composed entirely of German students, the meetings are conducted in German to help the students improve their speaking knowledge of the language.

THE SENIOR GIRLS COUNCIL

SENIOR GIRLS COUNCIL

In their last semester of high school those girls who are outstanding in scholarship and extra-curricular activities are rewarded with election to the Senior Girls Council.

The Council isn't just honorary, but has social activities, too. The most prominent is a dance each semester. This year these were the Fall Frolic and the Spring Swing. With profits from the dances, teas are given for the mothers of all graduates.

These social activities give the girls experience in performing tasks requiring dependability and initiative. Year after year, the Council has provided its worth by remaining one of Calumet's finest clubs. To belong to the Council is not merely an honor; membership means obligation and responsibility.

MR. PALSEDGE

Within the confined quarters of room 210, the greatest little newspaper in Chicago is created. Its able staff spends long hours working there so that the students of Calumet may be able to keep up on current happenings around this busy school.

This Spring semester, the responsibility of Editor-In-Chief rests upon the capable shoulders of Ruth Sternberger.

One of the newest additions to the Crier is a column for former students now in the Armed Forces which carries news items received from the men themselves and from their families and friends.

TEMULAC

FOR 1943

•

Each year the Temulac staff spends months scrambling around so that the Temulac will be out before graduation. This year there was the same old excitement and flurry but there was also a touch of sadness—for this issue of the Temulac may be the last for the duration.

Printers have an abundance of O.C.D. and war material to print so civilian work must come second. With the thought that this may be the last Temulac until after our Victory, the whole staff has endeavored to make this one of the very best ever.

POLICE FORCE

Don't get any wild ideas about disobeying school rules because there is an active police force at Calumet. It's their job to pick up violators of regulations and to bring them before the Student Court. The police force is organized under the A.C.C.L. This year the Chief of Police has been Art De Runtz.

STUDENT COURT

The Student Court consists of seven Justices and is presided over by a Chief Justice who must be in 4A. The Justices prosecute pupils who violate the rules of the school. The Court is in session twice a month in room 215 to try the cases brought in by the Police Force.

MOVIE OPERATORS

The Movie Operators, under the direction of Mr. Peterson, run movies, loaned to the different school departments by the Board of Education, every period of the day. They are also responsible for the school's projectors and sound equipment, and must keep it in working order.

SAFETY COUNCIL

The group responsible for the safety enforcement at Calumet is the Safety Council. As part of their work, they register the cars and bicycles of pupils as a precaution against theft. They should receive credit for performing tasks which are of benefit to every Calumet student and teacher.

The war has caused the United States Army and Navy to intensify their training programs. The cadets of Calumet's R.O.T.C. have co-operated in this effort with remarkable efficiency. They have established one of the most enviable records of any high school R.O.T.C. in the city, and one that is unsurpassed in the history of Calumet units.

This year the Picked Platoon successfully defended the R.O.T.C.'s splendid reputation, established last year at Federal Inspection, when they were classified second in the state. Composed of the more capable cadets, the Platoon distinguished itself, and the entire school, by winning first place in competition with all other high school R.O.T.C. units in the city.

R.O.T.C. BAND

THE WAR EFFORT AT CALUMET

To aid our own boys in Service we inaugurated the Girls Service League. Though little more than a year old, it ranks first in importance to the war effort.

Members each week send lively V-mail to our boys. At least once a month each boy gets a current copy of the Crier.

At Christmas the girls sent gift boxes to our fighting men. On Valentine's Day and at Easter they remembered the boys with cards. On every Thursday in April they sent gaily decorated boxes of cookies to the various Service Centers in Chicago. Every day they sell bonds from the booth on the first floor.

The Scrap Drive carried on by the Clean-Up Committee and the Victory-Book Drive sponsored by the Red Cross were also important contributions to Calumet's war effort.

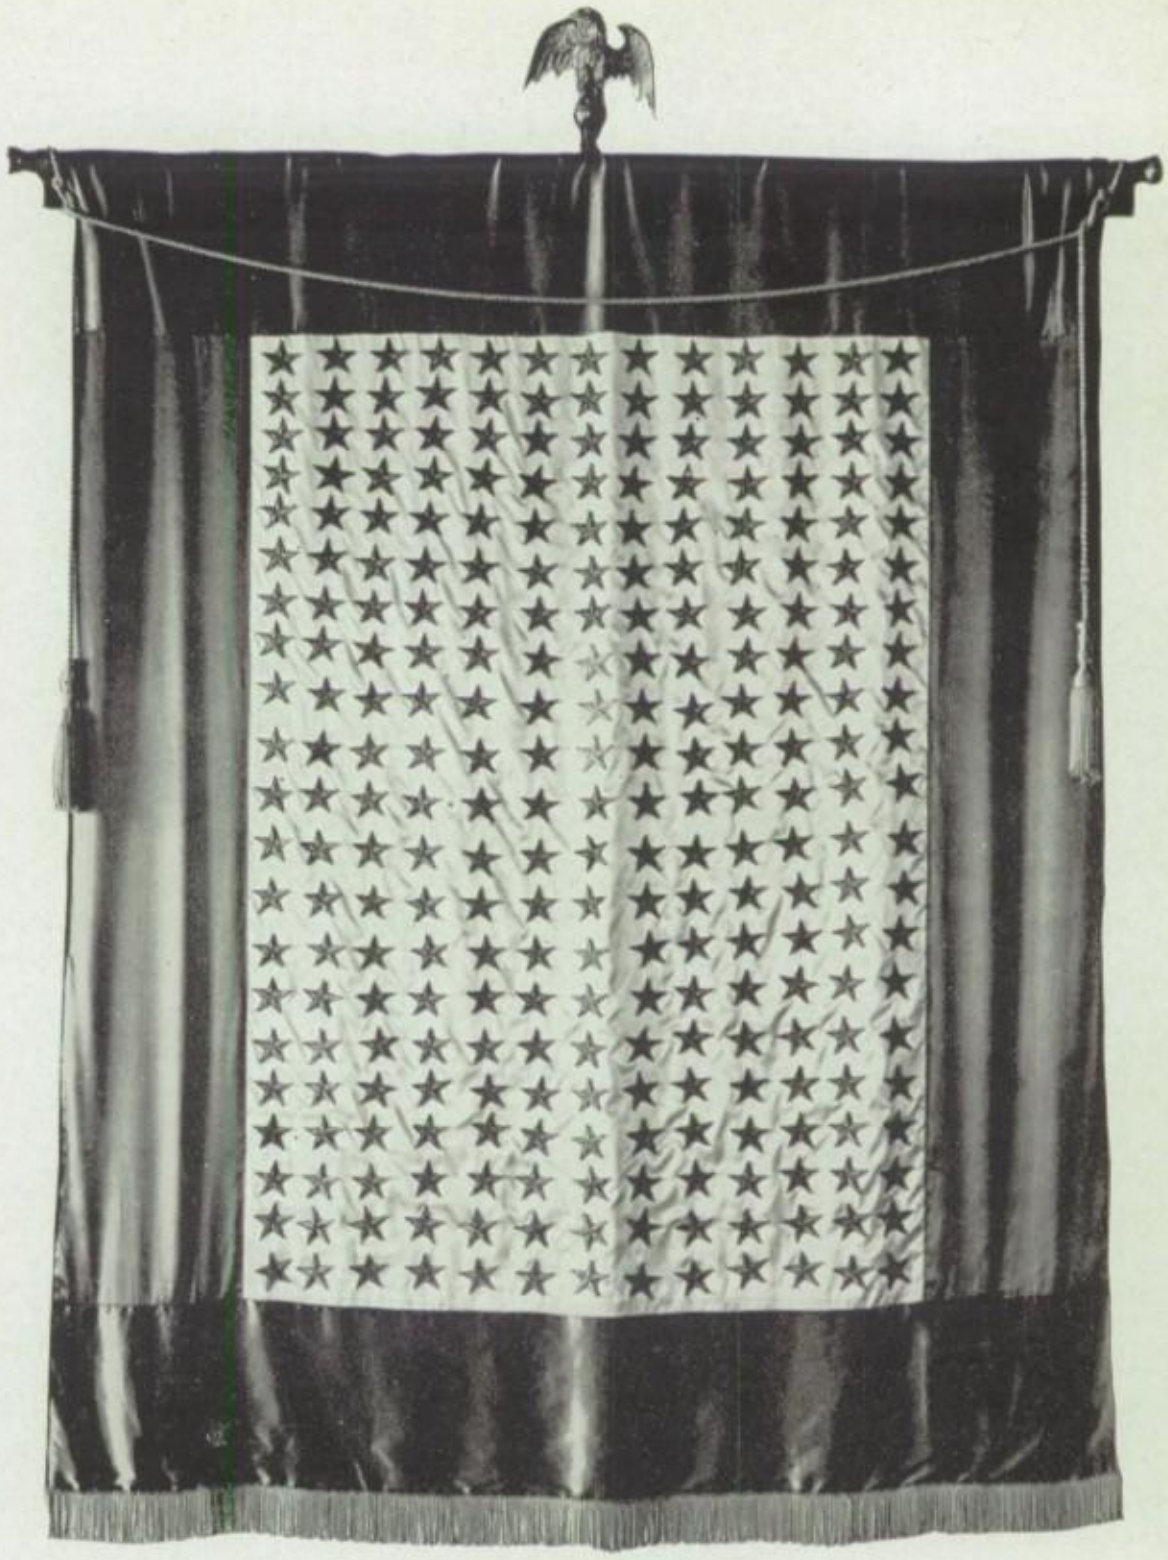
IN THE SERVICE



Wherever Uncle Sam may send them and whatever the task, former members of Calumet seem to do a fine job and to come out on top. Some of these alumni have been awarded medals. For example; Lieutenant George Formanek received the Distinguished Flying Cross for action in the Battle of Midway. Some are nurses like First Lieutenant Floramund Fellmeth who served with General MacArthur in the Philippines and is now in Australia. Some, like Captain William Lundin, have been rescued from lifeboats after harrowing experiences.

Many are heroes at home and many are serving overseas; everyone is doing his part for Victory.

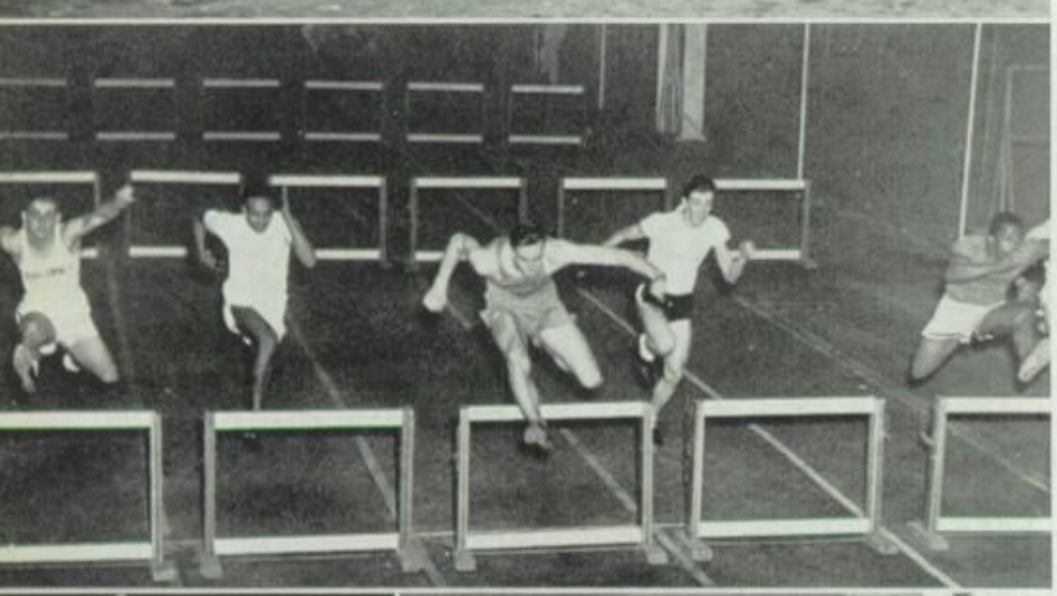
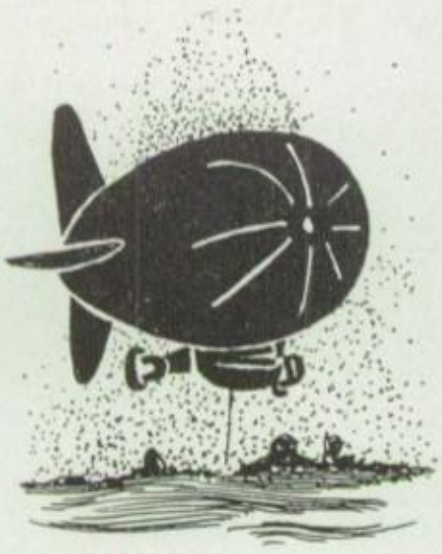
ANGELS OF MERCY • THE WHITE CLIFFS OF DOVER

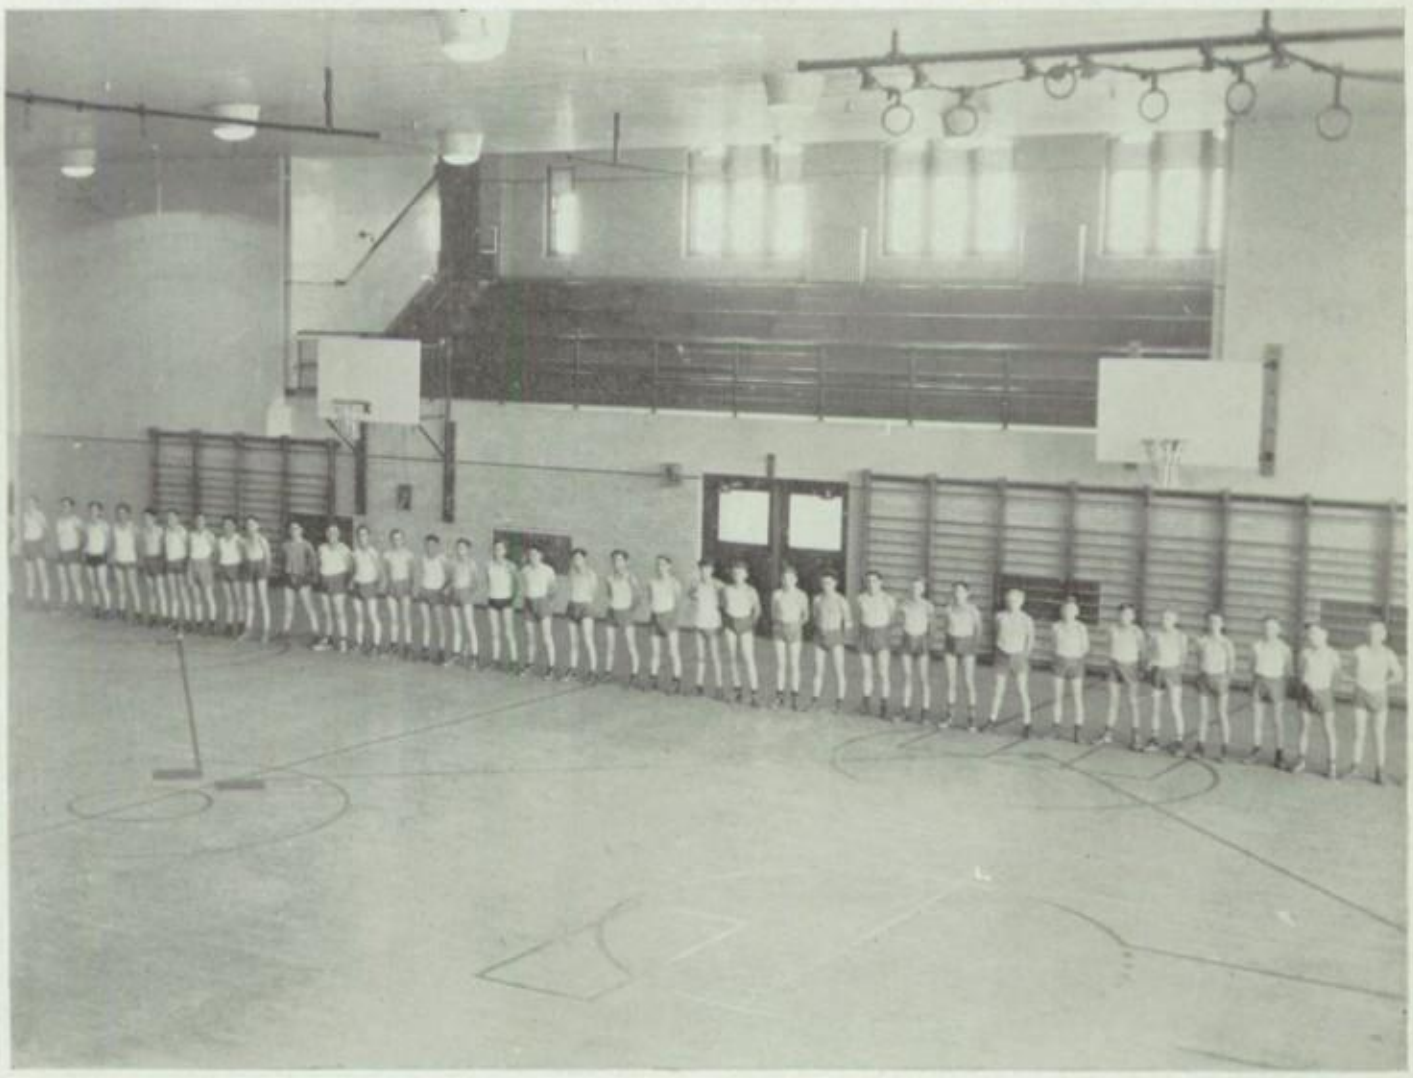
ATHLETICS

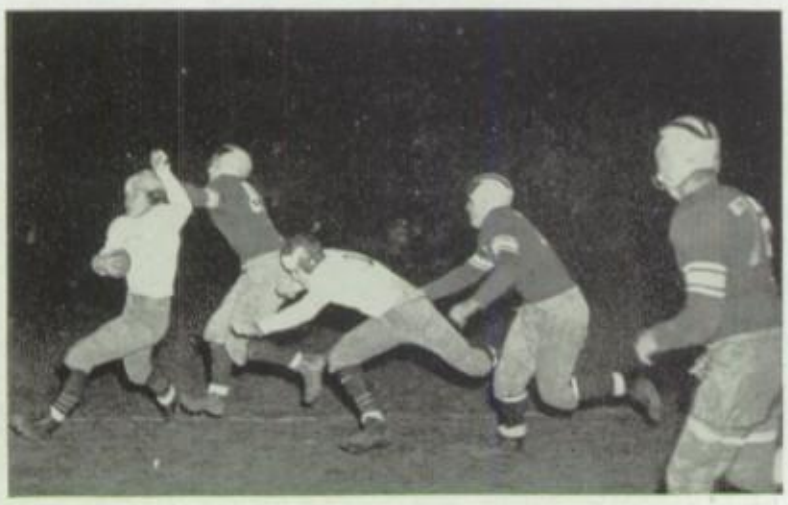


THIS war has caused the boys' gym department to give one of the most complete as well as one of the toughest obstacle courses in the city. One only needs to step into the boys' gym to see muscular he-men climbing ropes, jumping ditches, clearing walls, crawling under fences, walking narrow bridges and participating in all sorts of Army and Navy calisthenics. All this is part of the new class work, as Calumet assumes wartime standing. But there should be no griping about the toughness of the course; instead every boy should pitch in and do his best.

In the girls' branch of the gym department there has been a stepped-up development as gym classes have been increased from two days to four days a week. Certain days are devoted to games, dancing, calisthenics, and obstacle course training. The girls are getting







quite a workout and there are some complaints but most of these "commandos" realize that they are the ones to benefit from the extra work. The training they receive will make them capable of taking on all the tasks caused by the war.

FOOTBALL

1 9 4 2

At the Harper game players floundered through mud and rain. Mud held a superior Calumet team to a scoreless tie.

At the next game Calumet defeated Parker, 6-0. Hyde Park, Calumet's next foe, scored a tie with us, 6-6.

Hirsch defeated Calumet. In the game with South Shore, mud again almost caused defeat. But we managed to win in the last two seconds of play, 8-7.

In the last game of the season, Morgan Park beat us, 13-6. But Calumet scored the only touchdown made against Morgan Park all season. It was set up by our valuable player, Janulis, and scored by Captain Tracy.

Calumet's fine baseball team suffered many hard blows even before the season opened but as this report goes to press the team is a half game out of first place and challenging for the South Section lead.

Because many of the regulars left school for various reasons and because of injuries, a makeshift team was put on the field. The pitching staff, composed of Oufielder Lou Lubke, Infielders George Melke and Bill Marshall have turned in many commendable performances thus far.

If the remainder of the season turns out as well as the first half has, Calumet may well be proud of its baseball team. With a little more effort on the Team's part, they may even take the South Section championship and end up very high in the city's ranks.

A vote of thanks goes to the Bond Sales Girls. They've done a grand job in their first floor booth. From February 8 to May 14, total sales amounted to $30,722.

There is one Captain in charge of hall guards for every period of the day. Their job is to maintain a well organized force on guard in the halls.

The January class of 1943, though a small group as compared with graduating groups immediately preceding it, boasted thirty-six members in the National Honor Society.

This fact is significant. Data collected about future achievement of high school graduates indicates that the high school record points to the path students will follow in after life.

Under present conditions society desperately needs leadership. The January class is to be congratulated on having so many potential leaders in its membership.

Surely in the constructive program for global reconstruction that must inevitably follow the close of World War II, it is not presumptuous to believe that many January graduates will make outstanding contributions to this great World Movement.

We are going out into a world that for four years has been at war. We face an horizon entirely new to us. Many of our number will enter the Service; all will be connected in some way with America's war effort; all will actually participate in the Fight for Freedom.

When Peace comes we must be ready to emphasize the ideals of all freedom-loving Americans. We who have lived in the land of the free will be expected to show the rest of the world the value of this freedom and to urge them by example, as well as precept, to accept it, and strive for its preservation.

We shall not only be a senior class graduated in the midst of the world's most appalling war, but also a generation which must help to build a world in which universal Peace will be the great objective of all peoples.

CLASS CHRONICLE 1943

By Hazel Lord

Ours was a wonderful class! In spite of the war, or because of it, we have wrung the last full measure from our four years at Calumet and will go out into the world ready and willing to fight for the victory and work towards the peace that must be ours!

I remember the first time we met as a class. That was in September, 1939. Mr. Hunter and Mrs. Hagen gave us our first complicated instructions. We were proud of ourselves, shy of one another, and awed by the thought of the four long years we must spend in this new and larger world. Definitely a frightening world confused by locker combinations, time schedules, restrictions, rules, homework, and books . . . The principal, Mr. Downey, left and Mr. Worst took his place; a new report book system was instituted. These changes made little impression on us. We were looking, wondering, digging our own little niches into that four year wall.

Along about May we began to feel at home in Calumet—We belonged—The swimming pool . . . the lunchroom . . . the Crier . . . the A.C.C.L. . . . were ours now. They belonged to us as much as to the seniors, whose cold superiority and careless ease both chilled and fascinated us. This was a year of page boy bobs, charm bracelets—of two Worlds Fairs, of a King and Queen who ate hot dogs. It was a wonderful year . . . Our Year. It was the year World War II began. But the war was not then ours. We didn't think it ever would be.

In 1941 Mr. Sietsema became our Counselor and guide. As a whole we didn't see much of him . . . we were "good" that year. Vaguely we heard

reports of the Swastica that flew over Denmark, Norway, The Netherlands; France, our Ally in spirit, fell that year too.

But the war didn't interest us much . . . It was oceans away . . . we turned our attention to school affairs . . . A member of our class, a sophomore, won the Popularity contest. It was the first time in years that a sophomore had won. It was news. And the Temulac that year was bound in white leather. This was the year sloppy Joe's and Sue's fought for supremacy in the fashion spotlight. Babushkas were born and jalopies galore careened around school corners. During the summer someone in Europe started something they called a "V for Victory campaign."

We became Juniors in September 1941. With shortened programs and more freedom many of us joined the clubs of our choice. Additions from Westcott swelled our numbers . . . More friends to make. The class divided . . . Some went into shop courses, others into commercial or college prep. One day, Monday, December eighth, we laughed together over a comedy production in the Auditorium—and sobered later to listen to the President declare, "a state of war has existed between the United States and the Japanese Empire." Pearl Harbor! Why that was hundreds of miles away! And yet as close as the nearest radio dial. We were soon to know that our lives were dated. Before Pearl Harbor and after Pearl Harbor. Yet, the war was not of our making. What could we do?

Our answer was slow in coming. Meanwhile the first excitement soon died; war stamp sales slipped; we forgot the war. Our first Air Raid Drill reminded us momentarily. The timing and cooperation impressed us not so much as the silence that fell over four thousand students, teachers, and staff members

filling every corner of Calumet's halls, usually teeming with activity. We had our paper days and cake days and the A.C.C.L. donated a service flag of which we were proud. Most of the boys that graduated that June registered the same month at the local draft boards. We began to see that the war WAS ours!

The summer was filled with rumors and flag raisings, OCD activities for some, and fun for most of us. When in September we returned to school many of us had service flags shining in our home windows. Eagerly we joined in the new war activities. Two girls in our class organized the Girls Service League. We collected two hundred and eight thousand, five hundred pounds of scrap metal. Many a beloved jalopy was willingly donated to reach that goal! Then, of course, new conditioning classes were instituted. It took only a few sore muscles and a slight stretch of the imagination to rename them, by popular consent, Commando Classes. Calumet had changed. The portables were gone, leaving large holes in our beautiful campus; there was a new freshman class of seven hundred and one underfoot; and all Westcott came over to Cal because Westcott had become government property.

The size of our class diminished because of the boys who joined the services and the girls who married, or left to work in war plants. In school there was many a girl with a twinkle in her eye that matched the sparkle on the third finger of her left hand. Many more proudly wore service insignia.

At Christmas there were thirteen gold stars on the service flag, three of them from members of our class. Substitutes filled in for faculty members who answered the call to the Colors.

1943 saw the end of the formal Proms. Night socials came back . . . A

Bond Booth appeared in the foyer . . . Food and gas were rationed and session bulletin announcements were filled with news of new Army and Navy programs.

But history must repeat itself. Freshies wondered, as we had not so long ago, at our careless ease, our cold, casual way of looking at life. We didn't notice anything much, we were wrapped up in our history classes, fighting the Civil war as it had never been fought before.

We got into a mess over Senior elections and when they were over we sighed our relief. The Prom, the Tem, Class Day. All were ours. And Graduation too. We won't talk about that . . . We'll only remember.

Yes, our class will contribute it's share of tomorrow's business men, scientists, engineers, and doctors. But first they will put aside their own future careers to take their lives and the life of their country into their own hands, to fight for the right to make that future secure.

CONGRATULATIONS—Calumet Graduates:

Again, it is with sincere pleasure we commend you upon completion of your High School studies.

As this issue of the Temulac goes to press, great Victories are repeating themselves in North Africa, and we are ever closer to ultimate Victory in Europe. Your assistance in the war effort has been greatly responsible for the showing of our boys at the various fronts, and we know your determination to help will continue, and in no small way hurry the return of your Brothers and Dads, yes and also those sisters and mothers who didn't hesitate to don uniforms.

Good Luck and Happy Landings to each and every one of you.

Walker Studios,

ROBT. L. WALKER

In Photo-Engraving

IT'S QUALITY THAT COUNTS

We make quality photo-engravings. Funny thing about our business. Years ago a camera or two, a few bottles of acid and assorted pieces of metal might have been called an engraving shop. But times have changed! Modern, up-to-the-minute reproductive processes make more exacting demands upon the engraver. Regardless of the difficulties encountered with late copy — difficult copy — and the ever-present deadline—plate quality is always maintained at Wallace-Miller. You will find your proofs are exact reproductions of your copy—and with tone value matching tone value. We present this yearbook (which we helped design), as a sample of our craftsmanship in the art of photo-engraving. Open day and night.
